Wisconsin Department of Regulation & Licensing

RL 113.02 Physical examinations. (1) All boxers shall have had a complete physical examination as required in s. RL 115.02.

(2) Boxers shall be examined at a pre-bout physical examination by the ringside physician within 12 hours before each bout and, if requested by a boxer, referee or inspector, after a bout. A boxer who competes in more than one bout within a 12 hour period shall be examined between each bout. The ringside physician shall complete a report for each boxer.

(3) The ringside physician shall review the “Boxer’s Medical Examination Report” and examine each boxer as appropriate in his or her judgment including heart rate, blood pressure, temperature, vision and lungs. The ringside physician shall approve a boxer’s mouthpiece. The ringside physician shall certify as fit those boxers whose physical condition appears satisfactory for completion and shall disqualify others. The results of the examination shall be recorded on a department form and submitted by the ringside physician to the inspector.

(4) A boxer who has been knocked out or injured in a bout which was terminated by a referee may not participate in a show unless subsequent to the knock-out or injury the boxer has been given a thorough physical examination by a physician and the physician certifies that the boxer is physically fit to participate in competitive boxing. If a boxer has been knocked out or injured by a head blow, a period of rest is required under s. RL 114.06.

(5) A female boxer shall give the ringside physician written certification that, to her knowledge, she is not pregnant at the time of the pre-bout physical examination.

History: Cr. Register, August, 1985, No. 356, eff. 9-1-85; am. (1), (3) and (4), r. (1)(a) and (b), Register, July, 1993, No. 451, eff. 8-1-93; cr. (5), Register, September, 1997, No. 501, eff. 10-1-97.

RL 114.06 Head blows. (1) **PROCEDURE.** If a boxer has been knocked out in a bout as the result of head blows or received serious head blows, the boxer shall be examined by a ringside physician immediately. If the ringside physician determines that the boxer may have received head injuries, the ringside physician shall give the boxer a head injury slip and explain its meaning. A head injury slip is illustrated in s. RL 114.08.

(2) **PERIODS OF REST REQUIRED AFTER KNOCK-OUT OR TECHNICAL KNOCKOUT.** (a) A boxer who is knocked out during a bout may not take part in competitive boxing or sparring for a period of at least 60 days from the date of the bout. A boxer whose bout was terminated by a technical knock-out may not take part in competitive boxing or sparring for a period of at least 30 days from the date of the bout.

(b) A boxer who, twice in a period of 3 months, has been knocked out may not take part in competitive boxing or sparring during a period of 6 months from the second bout.

(c) A boxer who has been knocked out 3 times in a period of 12 months may not take part in competitive boxing or sparring for a period of one year from the third knock-out.

(d) Before resuming boxing after any of the periods of rest prescribed in par. (1), a boxer shall satisfy any requirements imposed by the department after receiving the recommendations of the ringside physician under s. RL 114.0645.

(e) The requirements and conditions enumerated in pars. (1) and (d) apply to knock-outs and technical knock-outs in bouts that occurred in Wisconsin. The requirements and conditions enumerated in pars. (b) and (c) apply to knock-outs and technical knock-outs regardless of whether the bouts occurred in Wisconsin or another jurisdiction.
